ITEM NO. 4 Approval for re-appointment of Mrs. Sonal Agarwal (DIN: 08212478) as an Independent Director of the company in her second term.

Mrs. Sonal Agarwal is currently acting as an Independent Director of the Company, Chairperson of the Audit Committee, Stakeholders' Relationship Committee, Nomination & Remuneration Committee and Corporate Social Responsibility Committee of the Company.

Mrs. Sonal Agarwal was appointed as an Independent Director of the Company by the members at their 8th Annual General Meeting of the Company for a period of 5 (five) consecutive years commencing from 10th December 2019 to 10th December 2024 (both days inclusive) and is eligible for re-appointment for a second term on the Board of the Company. In accordance with Section 149 (10) and (11) of the Act, Ms. Sonal Agarwal is eligible for a second term of up to five years, subject to approval of the shareholders' by way of **Special Resolution**.

Based on the recommendation of the Nomination & Remuneration Committee ('NRC'), the Board of Directors vide their resolution passed in the meeting dated 13th August 2024, proposed the re-appointment of Mrs. Sonal Agarwal as an Independent Director of the Company for a second term of 5 (five) consecutive years commencing from 11th December 2024 till 10th December 2029 (both days inclusive), not liable to retire by rotation, for the approval of the members by way of a **Special Resolution**.

Mrs. Sonal is a finance professional with over 21 years of experience in accounting, finance, and strategy. As a Chartered Accountant (CA), she has honed her expertise in financial management, controllership, risk assessment, and compliance. Throughout her career, Mrs. Sonal has held leadership positions in various companies, where she has demonstrated exceptional skills and knowledge in the field.

She serves on the Board of several listed and unlisted companies, where her analytical powers, strategic thinking skills, and decision-making abilities make her an asset to the Company. Mrs. Sonal brings her extensive experience in corporate governance to these boards, contributing to effective decision-making and ensuring compliance with regulations. It is worth mentioning that Mrs. Sonal has served one term with Universus Photo Imagings Limited, further solidifying her reputation as a trusted and experienced professional in the finance and corporate governance domains.

Overall, Mrs. Sonal's impressive track record, expertise in finance, and corporate governance experience make her an invaluable asset to any organization. Her strategic vision, financial acumen, and leadership abilities contribute significantly to driving growth and achieving success.

The Company has received a notice in writing under the provisions of Section 160 of the Act, from a member proposing candidature of Mrs. Sonal Agarwal for the office of Independent Director for a second term. The Company has also received from Mrs. Sonal Agarwal her consent to act as Director of the Company along with a declaration to the effect that she meets the criteria of independence as provided in Section 149 of the Act and Regulation 16 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") and an intimation to the effect that she is not disqualified from being appointed as a Director in terms of Section 164(2) of the Act.

Mrs. Sonal Agarwal has confirmed that she is not debarred from holding the office of Director by virtue of any SEBI order and she is independent of the management.

Mrs. Sonal Agarwal has also confirmed that she is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualifications of Directors) Rules, 2014, with respect to her registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs ('IICA'). Mrs. Sonal Agarwal has also qualified the Online Proficiency Self-Assessment Test conducted by IICA.

The Nomination and Remuneration Committee (NRC) of the Board of Directors, on the basis of the report of performance evaluation and confirmations given by Mrs. Sonal Agarwal as well as a thorough consideration of her impressive skills and extensive experience possessed by Mrs. Sonal Agarwal, has recommended re-appointment of Mrs. Sonal Agarwal, as Independent Director for a second term.

The Board of Director based on the recommendation of the NRC, and considering the skills, vast experience and expertise possessed by Mrs. Sonal Agarwal, has approved her re-appointment as Independent Director of the company for second term.

In the opinion of the Board, Mrs. Sonal Agarwal fulfils the conditions for re-appointment as an Independent Director of the Company as specified in the Act and Rules thereunder.

The Board recommends the re-appointment of Mrs. Sonal Agarwal as an Independent Director for the second term from 11th December 2024 till 10th December 2029.

Hence, your Directors recommend the resolution set forth in Item no. 4 of this notice for the approval of the members by way of **Special Resolution**.

REPORT ON CORPORATE GOVERNANCE

(Pursuant to Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015)

The Directors presents the Company's Report on Corporate Governance for the year ended 31st March 2024.

1. Company's Philosophy on Corporate Governance.

Corporate Governance is an integral element of our Company's management and business philosophy. We firmly uphold the values of integrity and transparency in our corporate governance practices, safeguarding the trust vested in us by our stakeholders. Across all our business functions, we remain dedicated to defining, following, and embracing the highest standards of corporate governance.

Throughout our journey, we have placed great emphasis on cultivating good corporate practices, as they serve as catalysts for sustainable growth and the long-term creation of value for our shareholders. We firmly believe that corporate governance extends beyond mere regulatory obligations; it is about nurturing organizational excellence that fosters employee and customer satisfaction, and delivers sustained value to our shareholders, all while upholding unwavering ethical standards.

2. Board of Directors

As of March 31st, 2024, the Board of Directors of our Company comprised six members, with five serving as Non-Executive Directors and one as an Executive Director. Among the total of six Directors, we are proud to have one highly qualified and independent woman director. Furthermore, within the four Non-Executive Directors, two hold the status of Independent Directors. This composition reflects a diverse, optimal, and well-balanced Board in terms of specialized expertise across various areas.

Our Board of Directors is deeply committed to considering the interests of all stakeholders in the discharge of its responsibilities. They provide invaluable leadership and guidance to the Company's management, ensuring alignment with the Company's strategic goals. The Board diligently upholds its fiduciary duties and takes proactive measures to ensure that the management adheres to the highest standards of ethics, transparency, and disclosure.

The composition of our Board exemplifies our commitment to diversity, expertise, and accountability. By incorporating a wide range of perspectives and skills, we are better equipped to make informed decisions that contribute to the long-term success of the Company while upholding ethical standards and maintaining transparent practices.

2.1 Composition of the Board of Directors:

The composition of the Board of Directors of the Company is in conformity with the provisions of Regulation 17 of Listing Regulations.

S.N	Name of Director	DIN	Category of Director	Date of Appointment
1	Mr. Sanjeev Aggarwal	00006552	Independent Director	13 th November 2021

***The designation of Mr. Shailendra Sinha has been changed from whole-time Director to Managing Director with effect from 1st September, 2023.**

The Non-Executive Directors including Independent Directors bring objective and independent perspective in Board deliberations and decisions as they have a wider view of external factors affecting the Company and its business. They make a constructive contribution to the Company by ensuring fairness and transparency while considering the business plans devised by the management team.

All Independent Directors possess the necessary business knowledge and expertise in their respective fields. The Company has obtained declarations from each Independent Director, confirming their compliance with the independence criteria defined under the Companies Act, 2013, and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). The Board of Directors acknowledges that the Independent Directors meet all conditions specified in the Listing Regulations and maintain their independence from management.

2.2 Role of the Board of Directors

The Board of Directors serves as the custodians of shareholder value, with a primary responsibility to protect and enhance it. As custodians, the Board upholds a fiduciary duty to align the Company's goals with shareholder value and growth. Additionally, the Board assumes various responsibilities, including:

- Exercising effective control to ensure efficient management of the Company in order to meet stakeholders' expectations and societal obligations.
- Monitoring and evaluating the Company's governance practices ensuring their effectiveness and making necessary adjustments when required.
- Providing strategic guidance to the Company and overseeing the Management's activities.
- Exercising independent judgment on matters concerning the Company's affairs.
- Appointing a sufficient number of non-executive Board members to tasks involving potential conflicts of interest, ensuring the exercise of independent judgment.
- Reviewing and guiding corporate strategy, major plans, risk policies, annual budgets, and business plans.
- Setting performance objectives, monitoring their implementation, assessing corporate performance, and overseeing significant capital expenditures, acquisitions, and divestments.

2.3 Meetings, Attendance and other Directorships held in other Indian Public Companies.

The Board convenes regular meetings to deliberate and make decisions on Company and business policies and strategies, in addition to addressing other pertinent Board matters. These meetings, including those of committees, are scheduled in advance, and timely notices are circulated to Directors, allowing them to plan their schedules and actively participate in the discussions. In urgent situations, where special business matters arise, the Board seeks approval by passing resolutions through circulation, as permitted by applicable laws. Such resolutions are duly noted and confirmed during subsequent Board meetings.

The Company Secretary plays a vital role in preparing and providing agendas and necessary information to Board members. The Board meetings serve as a platform for open discussions among members, focusing on the Company's growth and development plans.

During the year under review, a total of Six Board Meetings were held on the following dates: 30th May 2023, 8th August 2023, 1st September 2023, 9th November 2023, 13th February 2024 and 21st February 2024. The gap between consecutive Board Meetings did not exceed one hundred twenty days.

As of 31st March 2024, the composition of the Board, their attendance at the Board Meetings, number of other Directorships, and membership in Committees of other Indian public limited companies are as follows:

2.5 Certificate from Practising Company Secretary

The Company has obtained a certificate from Mr. Deepak Kukreja (FCS-4140), Practising Company Secretary (CP No. 8265), confirming that none of the Directors serving on the Board have faced disqualification or debarment from appointment or continuation as Directors by regulatory bodies such as the Securities and Exchange Board of India (SEBI), Ministry of Corporate Affairs, or any other relevant statutory authority is enclosed as Annexure A in the Corporate Governance Report. This certificate is included as an integral part of this report, signifying the Directors' eligibility and compliance with regulatory requirements.

2.6 Availability of information to the Board

The Board of Directors enjoys unfettered access to all Company information, allowing them to engage with any employee whenever necessary. Moreover, the Board receives regular and timely updates on the necessary information outlined in Schedule II of the Listing Regulations. This diligent practice ensures that the Board is consistently presented with comprehensive reports that encompass a wide range of essential areas, including functional, operational, statutory compliance, and financial aspects of the Company. These comprehensive presentations cover, but are not limited to, the following key areas of focus:

- Annual operating plans, budgets, and updates.
- Quarterly results of the Company.
- Minutes of the Audit Committee, Stakeholders' Relationship Committee, Nomination & Remuneration Committee, and Corporate Social Responsibility Committee.
- Certificates provided by the Departmental Heads detailing compliance with provisions of the applicable laws.
- Instances of non-compliance with statutory, regulatory, or listing requirements, as well as issues related to shareholder services such as dividend non-payment or delays in share transfers.
- Any other information required to be provided under the provisions of the Listing Agreement, in conjunction with the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

These presentations enable the Board to stay informed, evaluate performance, monitor compliance, and make informed decisions in line with its governance responsibilities and regulatory obligations.

2.7 Familiarisation programme for Directors

The Company prioritizes the induction and familiarization of Directors to ensure they are well-prepared for their roles. Directors receive formal appointment letters outlining their responsibilities and compliance requirements. They have opportunities to interact with key executives and receive periodic presentations on the Company's strategy, risks, and initiatives. The induction program details can be found on the Company's website at [http://universusphotoimaging.com/financial/UPII_FAMILIARIZATION-PROGRAMME-FOR-ID-FY23%20\(2\).pdf](http://universusphotoimaging.com/financial/UPII_FAMILIARIZATION-PROGRAMME-FOR-ID-FY23%20(2).pdf)

As per Listing Regulations, Directors are regularly updated on amendments to relevant enactments, such as the Companies Act, 2013, Listing Regulations, Insider Trading Code, and Fair Disclosure Code. Board meetings serve as a platform for discussing these updates and other important matters. Independent Directors' roles and duties are clearly defined in their appointment letters, available on the Company's website. The Company also provides a dedicated familiarization program for Independent Directors, which can be accessed on the website. These efforts ensure Directors' continuous development and compliance with evolving regulations.

2.8 Board Independent Directors:

The Company recognizes and emphasizes the significant role played by Independent Directors in ensuring transparency, effectiveness, and good governance practices within the organization. The criteria for determining the "independence" of Directors are derived from Regulation 16(1)(b) of the SEBI Listing Regulations and Section 149(6) of the Companies Act.

All the Independent Directors on the Company's Board:

- Apart from receiving sitting fees/ Director's remuneration, do not have any material pecuniary relationships or transactions with the Company, its promoters, its Directors, its Senior Management, its Subsidiaries and Associates, which may affect independence of the Directors.
- Are not related to promoters or persons occupying management positions at the Board level or at one level below the Board.
- Have not been an executive of the Company in the immediately preceding three Financial Years.

Confirmation of Independence

As part of its compliance obligations, the Company has obtained annual confirmation and disclosures from all its Non-Executive Independent Directors. These confirmations affirm their adherence to the requirements prescribed by the SEBI Listing Regulations specific to Independent Directors. By meeting these requirements, the Independent Directors contribute to the Company's commitment to maintaining high standards of corporate governance and ethical conduct.

The Independent Directors of your Company have confirmed that:

- (a) they meet the criteria of Independence as prescribed under Section 149 read with relevant rules of the Act and Regulation 16 of the Listing Regulations, and
- (b) they are not aware of any circumstance or situation, which could impair or impact their ability to discharge duties with an objective independent judgement and without any external influence.

Further, in the opinion of the Board, the Independent Directors fulfil the conditions prescribed under the Act, the Listing Regulations and are independent of the management of the Company.

2.9 Separate Independent Directors' Meeting:

During the fiscal year 2023-24, a dedicated meeting exclusively for Independent Directors was convened on 13th February 2024, in the absence of non-independent Directors and members of management. The meeting agenda encompassed the following key discussions:

- Evaluation of the Chairperson's performance, incorporating input from both Executive and Non-Executive Directors;
- Assessment of the performance of Non-Independent Directors and the Board as a whole; and
- Evaluation of the adequacy, accuracy, and timeliness of information flow between the Company's management and the Board, ensuring that the Board can fulfil its responsibilities effectively and reasonably.

All Independent Directors were present throughout the meeting, and they expressed their contentment with the Company's governance practices and the timely provision of relevant information to facilitate informed decision-making.

2.10 Succession planning

The Nomination and Remuneration Committee collaborates with the Board to develop a robust succession plan for leadership positions, aiming for smooth transitions and appointments to the Board and senior management roles. The Company places great emphasis on maintaining a well-balanced team of skilled and experienced individuals, fostering a dynamic environment that welcomes fresh perspectives while preserving expertise and continuity.

Furthermore, the Company actively promotes talent development within its ranks, providing growth opportunities for senior management to cultivate their capabilities and aspirations for future leadership positions. By nurturing internal talent, the Company encourages the ambitions of its workforce, ensuring a pipeline of capable individuals ready to assume critical roles in the future.

Through these practices, the Company prioritizes effective succession planning, safeguarding the long-term sustainability and success of the organization.

2.11. Disclosure of relationships between Directors Interest

As on 31st March 2024 no Director is related to any other Director on the Board in terms of the designation of "relative" given under the Companies Act 2013

2.12. Board Agenda

The Board ensures that timely notices are provided well in advance to all Directors prior to Board Meetings. The notices contain a detailed agenda, accompanied by well-structured and comprehensive notes, enabling Directors to make informed decisions. Agenda papers are circulated at least seven days before the meeting date. In cases where attaching documents to the agenda is not feasible, the relevant materials are distributed during or prior to the meeting with the approval of the Chairperson and the consent of the Directors.

2.12 Secretarial Standards

The Company's secretarial and operating practices strictly adhere to the Secretarial Standards prescribed by The Institute of Company Secretaries of India (ICSI). These standards serve as comprehensive guidelines for ensuring compliance and maintaining high standards of corporate governance in all aspects of the Company's operations. By aligning with these standards, the Company upholds transparency, accountability, and ethical practices in its secretarial functions, further enhancing its overall governance framework.

3. COMMITTEE(S) OF THE BOARD

The Board of Directors has established various Board Committees with specific terms of reference, ensuring the efficient functioning of the Board and the Company while adhering to regulatory requirements, including the Listing Regulations and SEBI guidelines. These Committees operate as empowered bodies within the Board structure. Our Company has four Committees, each endowed with sufficient authority to fulfil their roles, responsibilities, and address urgent business matters. The Committees convene as frequently as necessary, and the Minutes of their Meetings are shared with the Board of Directors.

The Committees hold significant importance within the Company's governance framework, aiding the Board of Directors in the discharge of their duties and responsibilities. They are designated to address specific areas and activities that pertain to the Company. The Board oversees and supervises the Committees' execution of their responsibilities, taking ultimate accountability for their actions.

3.1 Governance of Board committees

The Board, in consultation with the Nomination and Remuneration Committee, assigns committee members and determines their terms of service. The frequency of committee meetings is decided by the Chairman of the Board in consultation with the Company Secretary and respective committee chairpersons. Recommendations from the committees are submitted to the Board for approval. All recommendations from the committees were approved by the Board during the year. The quorum for committee meetings is the higher of two members or one-third of the total committee membership. Currently, the Company has Four Board Committees that contribute to effective governance:

- Audit Committee
- Nomination and Remuneration Committee
- Stakeholders' Relationship Committee
- Corporate Social Responsibility Committee

3.2 Audit Committee

The Committee's composition meets with requirements of Section 177 of the Companies Act, 2013 read with Regulation 18 of the SEBI (Listing Obligations & Disclosure Requirement) Regulations, 2015. 3.3.2 Board Evaluation

The Board of Directors diligently conducted its annual performance evaluation, as mandated by the relevant provisions of the Act and SEBI Listing Regulations. Following the guidance note on Board Evaluation issued by the Securities and Exchange Board of India on January 5, 2017, a comprehensive structured questionnaire was meticulously prepared. This questionnaire encompassed various facets of the Board's functioning, composition, committee effectiveness, organizational culture, and the execution of specific duties, obligations, and governance practices.

In a dedicated session led by the independent Directors, a thorough evaluation was carried out, considering the perspectives of both executive and non-executive Directors. The performance of non-independent Directors, the overall functioning of the Board, and the Chairman of the Company were meticulously assessed, with inputs from the Executive Directors and Non-executive Directors.

The Board, in conjunction with the Nomination and Remuneration Committee, diligently evaluated the performance of individual Directors. Criteria such as the director's contributions to Board and committee meetings, preparedness on agenda items, meaningful and constructive participation, and valuable inputs were taken into account.

Subsequently, during the subsequent Board meeting following the independent Directors' session and the Nomination and Remuneration Committee meeting, a comprehensive discussion was held to assess the performance of the Board, its committees, and individual Directors. Notably, the evaluation of independent Directors was conducted by the entire Board, excluding the independent director under evaluation.

4. POLICIES

4.1 Remuneration Policy

Our Company has established a Remuneration Policy that aims to cultivate a high-performance culture. As part of this policy, remuneration is provided to the Managing Director and Executive Directors in the form of salary, benefits, perquisites, allowances, and commission. Meanwhile, the Independent Directors receive remuneration solely through sitting fees. The Board has approved the Remuneration Policy as formulated and recommended by the Committee. The Remuneration Policy is available on the website of the Company at <http://www.universusphotoimaging.com/financial/REMUNERATION%20POLICY.pdf>

4.2 Policy on Board Diversity

The Nomination and Remuneration Committee (NRC) has recommended the Policy on Board diversity, aligning it with the specific business needs of our Company. This policy encompasses the following key aspects:

- To establish an optimal composition of the Board, comprising a suitable blend of Executive Directors, Non-Executive Directors, and Independent Directors.
- Each director possesses functional diversity, ensuring a diverse range of expertise and experience on the Board.
- Plays a pivotal role in ensuring that the Policy on Board diversity is taken into account when proposing the appointment of new Directors to the Company's Board.
- Regular reviews of the policy are conducted at appropriate intervals, which includes an assessment of its effectiveness in promoting Board diversity.

4.3 Code of conduct

In compliance with the requirements of Regulation 17(5) of the SEBI Listing Regulations, the Board of Directors has established a Code of Conduct for all Board Members and Senior Management. This Code sets out the ethical principles and standards for one's conduct in dealing with the Company, fellow Directors and employees and with the external environment in which the Company operates that guide their behaviour and responsibilities. The Code is readily accessible on the Company's website at <http://universusphotoimaging.com/financial/CODE%20OF%20CONDUCT%20AND%20ETHICS.pdf> to transparency and upholding high corporate governance standards.

4.4 Policy on Determination of Material Events and Policy for Preservation of Documents.

In addition to its commitment to transparency and compliance, your Company has implemented two important policies: the Policy on Determination of Material Events and the Policy for Preservation of Documents. These policies are designed to ensure that material events are identified and promptly disclosed, and that crucial documents are appropriately preserved. By adhering to these policies, the Company upholds its responsibility to provide timely and accurate information to its stakeholders and maintain the integrity of its records. Both policies can be accessed on the Company's official website at <http://universusphotoimaging.com/financial/MATERIALITY%20OF%20EVENTS%20FOR%20DISCLOSURE.pdf> and <http://www.universusphotoimaging.com/financial/UPI%20Policy-on-Preservation-Archival-of-documents.pdf>, demonstrating its dedication to maintaining open communication and accessibility for all interested parties.

4.5 Code of Conduct for Insider Trading

The Securities and Exchange Board of India (SEBI) issued the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, with the aim of safeguarding investor interests. These regulations, effective from May 15, 2015, play a crucial role in preventing insider trading and ensuring the integrity of the market.

In adherence to the amended SEBI Regulations 2018, our Company has updated and strengthened its Code of Conduct for insider trading. The primary objective of this code is to protect shareholders' interests, prevent the misuse of sensitive information, and maintain a fair and transparent trading environment. The Code of Conduct for insider trading can be accessed on our Company's website at <http://universusphotoimaging.com/financial/CODE%20OF%20CONDUCT%20AND%20ETHICS.pdf>, reflecting our commitment to regulatory compliance and ethical practices.

4.6 Prevention of Sexual Harassment Policy

To ensure compliance with the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, and the corresponding Rules, our Company has developed and implemented a comprehensive policy to prevent, prohibit, and address complaints related to sexual harassment of women in the workplace. This policy extends its coverage to all women employees within the organization. For easy access and awareness, the policy has been made available on our internal portal for all employees to reference.

As part of our commitment to maintaining a safe and respectful work environment, we provide the following details for the year in review regarding complaints filed, resolved, and pending in relation to incidents of sexual harassment in the workplace:

MANAGEMENT'S DISCUSSION AND ANALYSIS

1. COMPANY OVERVIEW

The Company officially became a public limited entity in November 2011. As a demerger of Photo Films business of Jindal Poly Films Limited into the company, resulting in the establishment of Universus Photo Imagings Ltd. This transition, effective from April 1st, 2019, also included the integration of Photographic products and related ventures under Universus Photo Imagings Ltd. Prior to this period, the Company was not engaged in any manufacturing or business activities.

Presently, the Company operates a cutting-edge manufacturing facility for X-Ray Films and other assorted products situated in Dadra (UT-Dadra and Nagar Haveli).

2. GLOBAL ECONOMY

The global economy in 2023-24 has been shaped by a variety of factors, reflecting both ongoing challenges and opportunities. Many countries, particularly those in the West, have been grappling with high inflation rates. In response, central banks have been raising interest rates to try to bring inflation under control. This has led to higher borrowing costs, impacting consumer spending and investment. Growth rates have varied significantly across different regions. The U.S. has experienced moderate growth, while some emerging markets, particularly in Asia, have seen more robust expansion. Europe has faced challenges due to energy prices and geopolitical uncertainties.

The conflict between Russia and Ukraine has continued to have widespread economic implications, affecting energy prices and contributing to global uncertainty. Additionally, trade tensions, especially between the U.S. and China, have had a ripple effect on global supply chains. The aftermath of the COVID-19 pandemic has continued to affect global supply chains, though conditions have somewhat improved. Companies are still working to resolve disruptions and adapt to new patterns of demand.

Digital transformation and advancements in technology have continued to drive economic growth and change. Innovations in artificial intelligence, green energy, and other fields are reshaping industries and creating new opportunities. There's increasing focus on sustainability and climate action. Governments and businesses are investing in green technologies and renewable energy sources, which are expected to play a significant role in the global economy's future.

Many countries are facing labor shortages and skills mismatches, which are impacting various sectors. The trend toward remote work and changes in worker preferences are also reshaping labor markets.

High levels of public and private debt in many countries remain a concern. Managing debt while fostering economic growth is a balancing act that many governments and policymakers are navigating.

Overall, the global economic outlook is complex, with both challenges and opportunities influencing different regions in varying ways.

3. INDIAN ECONOMY

India's economy in 2023-24 has shown notable dynamics, reflecting both strengths and challenges. India's economy has continued to be one of the fastest-growing major economies. The growth rate for 2023-24 has been robust, driven by strong domestic consumption, increased investment, and government spending on infrastructure projects. Inflation has been a concern, though it has been relatively moderated compared to some other economies. The Reserve Bank of India (RBI) has managed monetary policy to balance growth and inflation, occasionally adjusting interest rates to stabilize the economy.

The government has continued to invest heavily in infrastructure, including transportation, urban development, and digital infrastructure. Initiatives like the National Infrastructure Pipeline and various state-level projects have been key to driving economic activity and improving connectivity. The manufacturing sector has been showing signs of recovery, supported by government initiatives such as the Production Linked Incentive (PLI) scheme. The services sector, including IT and business process outsourcing, remains strong, contributing significantly to GDP. India's export sector has faced some headwinds due to global economic uncertainties and trade dynamics. However, there has been a focus on diversifying export markets and boosting key sectors like pharmaceuticals and electronics. The labour market has been recovering, with job creation in various sectors. However, challenges remain, including the need for skill development and addressing unemployment, especially among youth. India has continued to make strides in digital transformation, with a focus on fintech, e-commerce, and digital services. The government's push towards a digital economy and innovation is expected to drive future growth.

Notwithstanding global risks like the Russia-Ukraine conflict and price volatility, India stands ready to enter a phase of rapid, sustained growth, especially with increased private investments in manufacturing and effective utilisation of its service sector advantages. India's promising position as a significant global manufacturer is evident in rising exports and capacity expansions. This potential is facilitated by government initiatives aimed at reducing logistics costs and improving the ease of doing business. Overall, these elements suggest a bright future for the Indian economy.

4. INDUSTRY OVERVIEW

The radiology field in India is growing, India is witnessing rapid growth in both the healthcare and medical radiology industries. Numerous hospitals, nursing homes, medical laboratories, and diagnostic centres are being set up to meet the healthcare needs of the growing Indian population.

The market size of wet films is still 15 lakh to 20 lakh sq.mt per annum and has stabilized now. But there is still some market left for the analog business as we see that analog machines are still being sold from some local manufacturers in tier 3 and 4 cities, even many state governments are still floating tenders of this film.

Apart from this, we are also exploring business in some foreign countries like in Africa and are constantly trying to expand this market.

We are also trying to venture in other field of healthcare industry except Radiology.

5. BUSINESS REVIEW

The Company is manufacturing, selling, distributing, converting and producing, X-Ray films and NTR films in Matt & Glossy finish. NTR Films being used for photo albums, certificates, playing cards, Gift Cards, visiting cards, calendar, menu cards, wedding cards & modelling portfolio.

The Company procures Jumbo Rolls of the X-Ray films and slits them into different sizes at its slitting and packaging unit in Dadra. The unit has a monthly capacity of approximately 3 lakh sqm. Further, due to shrinking business of X-Ray Films.

Business and increase in digitalization, it may be difficult for the Company to sustain in market unless new products will be launched in the future and the Company is working on the same.

6. FINANCIAL PERFORMANCE

8. RISKS AND CONCERNS

Presently the Company is engaged in the business of manufacturing, selling & distributing X-Ray films and due to shrinking business of X-Ray Films Business and increase in digitalization, it may be difficult for the Company to sustain in market unless new products will be launched in the future. In addition to above said, the Company has identified following categories of risks associated with the business: political, social, and economic risks, market risk, technology selection risk, capital structuring risk, exchange and interest rate risk, credit risk, liquidity risk, foreign currency risk, and commodity price risk. The Management evaluates these risks prior to making decisions in these areas.

9. OPPORTUNITIES AND THREATS

OPPORTUNITIES

- The company's capacity to leverage and embrace technological advancements in order to effectively compete with other healthcare service providers.

The market is anticipated to gradually expand as government and private segment hospitals resume their outpatient department services. Additionally, an increasing awareness of medical insurance is poised to further enhance business prospects.

- The company's consistent commitment to investing in new medical technologies and maintaining them in alignment with their anticipated lifespan.

The Indian healthcare industry is growing rapidly, and is expected to be worth Rs 110 trillion by 2027, growing with a CAGR of 30.70%. Given the population size, there is huge scope for growth.

The revenue of the digital health market in the country is estimated to be worth US\$7,373.00m in 2023. It is projected to show an annual growth rate (CAGR 2023-2028) of 18.35% in terms of revenue, with a projected market volume of US\$17,120.00m by 2028. (The National Digital Health Blueprint is expected to generate nearly US\$200 billion in incremental economic value for India's healthcare sector over the next ten years).

Rapid digitization, the expanding innovative health-tech platforms, partnerships between start-ups and established companies, and favourable funding environments for viable business models supported by government initiatives, will be among the major growth drivers in the digital healthcare arena.

Numerous healthcare startups have recognized the need for improved accuracy and precision in diagnosis and treatment. They have launched affordable digital devices and software to synthesize digitization in medicine. More than 4,000 Health-tech startups are currently working in India.

THREATS

- Occurrences such as the Russia-Ukraine conflict and evolving regulatory changes introduce market uncertainties and pose challenges in maintaining compliance.
- The swift shifts in consumer preferences, economic circumstances, and global trade dynamics necessitate a capacity for adaptability to ensure sustained growth.
- Covid pandemic has created havoc on business, need to explore different technology to grow.

10. SEGMENT PERFORMANCE

The Company has one business segment namely photographic product which recorded revenue of Rs. 3244.76 lacs and Profit after tax of Rs. 3088.77 lacs in F. Y. 2024.

11. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

The company is having sufficient industry professionals to carry out its operations and follows good management practices. These are basically its human resources assets and integral to the Company's ongoing success. They have played a significant role and enabled the Company to deliver superior performance. The total number of employees in the Company stands at 49.

11. INDUSTRIAL RELATIONS

During the year under review, harmonious industrial relations were maintained in your Company.

12. INTERNAL CONTROL SYSTEM

The company has a proper and adequate system of internal controls and that all assets are safe guarded and protected against loss from unauthorized use or disposition, and all the transactions are authorised, recorded and reported correctly. INDEPENDENT AUDITOR'S REPORT

To the Members of Universus Photo Imagings Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Universus Photo Imagings Limited ("the Company"), which comprise the balance sheet as at 31st March 2024, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024 and profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to:

- i. Attention is drawn to Note 11.1 to the financial statements stating that dividend receivable amounting to Rs 17427.59 lakhs from foreign associate company is pending due to reasons stated in the said note. In the opinion of the management, the amount is good and recoverable and no provision is required to be made in the books of accounts although there is delay in receipt of amount due to unfavourable conditions.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

As on 31st March 2024, other financial assets and current assets includes amounts recoverable from government department for which efforts for recovery are being made (refer Note No. 6, 11 and 12 to the financial statements). Our audit procedures consisted of evaluating whether any change was required to management's position on these uncertainties and the likelihood of recoverability.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information and if, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter with those charged with governance.

Responsibilities of Management and Those Charged With Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results

of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on 31st March, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS Financial Statements - Refer Note No. 22 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

- iv. (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (ii) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (iii) Based on such audit procedures that the auditor has considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. In our opinion and based on the information and explanation provided to us, no dividend has been declared or paid during the year by the company.
- vi. Based on our examination which included test checks, we report that the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Annexure B referred to in Paragraph (II) (f) under the heading of "Report on Other Legal and Regulatory Requirements" of our report of even date to the members of the company on the standalone Ind AS Financial Statements for the year ended 31st March 2024.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Universus Photo Imagings Limited ("the Company") as of March 31st, 2024 in conjunction with our audit of the Standalone Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting

included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2024, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI".

2 Summary of Material Accounting Policies

2.1 Basis of Preparation and Measurement

Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

These financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

Historical Cost Conventions and Fair Value

The financial statements have been prepared under the historical cost convention on accrual basis and the following items, which are measured on following basis on each reporting date:

- Certain financial assets and liabilities that is measured at fair value.
- Defined benefit liability/(assets): present value of Defined benefit obligation.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- **Level 1** inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at the measurement date;
- **Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** inputs are unobservable inputs for the asset or liability.

Reporting Presentation Currency

The Financial Statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates, and all values are rounded to the nearest Lakhs with two decimals, except as otherwise stated.

2.2 Inventories

Inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials is determined on FIFO basis. Process chemicals, stores, packing materials are determined on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Further the cost for Work-in-Progress includes material cost, stage wise direct cost and other related manufacturing overheads. Non usable wastes are valued at net realizable value. Materials and other items held for use in the production of inventories are not written down below costs, if finished goods in which they will be incorporated are expected to be sold at or above cost.

2.3 Property, Plant and Equipment

Property, Plant and Equipment held for use in the production or supply of goods, or for administrative purposes are stated at cost less accumulated depreciation and any accumulated impairment losses, if any. Cost comprises of purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use. Property, plant and equipment acquired in a business combination are recognised at fair value or at carrying cost for acquisition under common control, as the case may be.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as a separate items (major components) of property, plant and equipment. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

2.4 Intangible Assets

Intangible Assets are stated at cost less accumulated amortization and impairment loss, if any.

Intangible Assets which are not ready for intended use as on the date of Balance Sheet are disclosed as "Intangible Assets Under Development".

2.5 Depreciation and Amortisation

Depreciation on property, plant and equipment has been provided on straight-line basis over the estimated useful life as prescribed under Schedule II to the Companies Act, 2013 or as per estimated useful life re-assessed by the Company. In case of certain class of assets, the Company uses different useful life than those prescribed in Schedule II of the Companies Act, 2013. The useful life has been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset on the basis of the management's best estimation of getting economic benefits from those classes of assets. The Company uses its technical expertise along with historical and industry trends for arriving at the economic life of an asset.

Following useful life has been considered for providing depreciation:

Name of Assets	Useful life
Factory Buildings	30 Years
Non Factory Buildings	60 Years
Plants & Machineries	15-30 Years
Furniture and Fixtures	10 Years
Office Equipment	5 Years
Computers	3 Year
Vehicles	8-10 Years

Property, Plant and Equipment's residual values, estimated useful lives are reviewed at each balance sheet date and changes, if any, are treated as changes in accounting estimates.

Freehold Land and Capital Work in Progress are not depreciated.

2.6 Financial Assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognised financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

(a) Classification

The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

(b) Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(b.1) Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments:

Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in profit and loss using the effective interest rate method. "

Fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

(b.2) Equity instruments

The Company subsequently measures all equity investments (other than Investment in Associates) at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Company's right to receive payments is established.

(b.3) Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expect to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected life time credit loss is recognized on initial recognition.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(d) Derecognition of financial assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(e) Offsetting financial instruments

Financial assets and liabilities are being offset and the net amount reported in the Financial Statements when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(f) Income recognition

(f.1) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

(f.2) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

2.7 Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.8 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

For the purposes of the Statement of Cash Flow, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

2.9 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

2.10 Employee Benefits

(i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the statement of profit and loss during the period during which the employee renders the related service.

(b) Defined Benefit Obligation

The present value of obligation under such defined benefit plan is determined based on actuarial valuation under the projected unit credit method which recognizes each period of service as giving rise to additional unit of employees benefits entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on government securities as at balance sheet date, having maturity periods approximated to the returns of related obligations.

(c) The obligation for leave encashment is provided for and paid on yearly basis.

(d) Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

2.11 Revenue Recognition

The Company recognizes revenue when it satisfies a performance obligation in accordance with the provisions of contract with the customer. This is achieved when:

- (a) effective control of goods alongwith significant risks and rewards of ownership has been transferred to customer and in case of services, the year in which such services are rendered.
- (b) the amount of revenue can be measured reliably:
- (c) it is probable that the economic benefits associated with the transaction will flow to the Company; and
- (d) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue (other than sale of goods) is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Claim on insurance companies, interest and others, where quantum of accrual cannot be ascertained with reassurance certainty, are accounted for on acceptance basis.

2.12 Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognized in the income statement on the date the entity's right to receive payments is established."

2.13 Export Benefits

Income from export incentives are recognised on accrual basis when no significant uncertainties as to the amount of consideration that would be derived and as to its ultimate collection exist.

2.14 Government Grants

Grants/Subsidy from the Government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

- (i) Government grants not related to acquisition of property, plant & equipment are initially carried by setting up these grants as Deferred Government Grants in Non-Current Liabilities/Current Liabilities and amortised/recognised in the statement of profit and loss on straight line method and disclosed in Other Income (other gains/(losses)).
- (ii) Government grants related to acquisition of property, plant & equipment are initially carried by setting up these grants as Deferred Government Grants in Non-Current Liabilities/Current Liabilities and amortised/recognised in the statement of profit and loss on straight line method.

2.15 Claims and Benefits

Claim on insurance companies, interest and others, where quantum of accrual cannot be ascertained with reasonable certainty, are accounted for on acceptance basis.

2.16 Income Taxes

The income tax expense is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for taxable temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

2.17 Foreign currency transactions and translation

Transactions in foreign currencies are recorded in functional currency at the exchange rates prevailing at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss with the exception for exchange differences on foreign currency borrowings relating to qualifying assets under construction are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rates

at the date of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. These non-monetary items are not re-measured at the reporting date.

2.18 Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

2.19 Earnings Per Share

Earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

32 Defined Contribution Plans

Defined Benefit Plans

The Company made provision for gratuity as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. Gratuity liability is being contributed to the gratuity fund formed by the company.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at as at 31st March 2024. 32.7 Description of risk exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Discount Rate : Reduction in discount rate in subsequent valuations can increase the plan's liability.

Demographic Risk : This is the risk of variability of results due to unsystematic nature of decrements that includes mortality, withdrawals, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends on the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the employee benefit of a short career employee typically costs less per year as compared to a long service employee.

FVTPL refers Fair Value through profit and loss

The management considers that the carrying amount of financial assets and financial liabilities carried as amortised cost approximates their fair value.

34.2 Fair Value Hierarchy

- (a) This section explains the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Financial assets and liabilities measured at fair value

Investments				
Mutual Fund Units and Equity Shares	-	38,840.39	-	38,840.39
Total	-	38,840.39	-	38,840.39

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year

(b) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

The Company gets the valuations performed from an independent valuer, required for financial reporting purposes, including level 3 fair values.

The main level 3 inputs for unlisted preference shares used by the Company are derived and evaluated as follows:

- Risk adjusted discount rates are estimated based on expected cash inflows arising from the instrument and the entity's knowledge of the business and how the current economic environment is likely to impact it.

(c) Fair Value Estimations

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary in arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.

Interest-bearing borrowings

Fair value is calculated based on discounted expected future principal and interest cash flows. The carrying amount of the Company's loans due after one year is also considered as reasonable estimate of their fair values as the nominal interest rates on the loans due after one year are variable and considered to be a reasonable approximation of the fair market rate with reference to loans with similar credit risk level and maturity period at the reporting date.

Trade and other receivables / payables

Receivables / payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.

Other long term receivables

These receivables are regularly reviewed and adjusted for impairment losses. Therefore, management considers the carrying amount of these receivables to approximate fair value.

(d) Valuation Process

The accounts & finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC).

The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated as follows:

- Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Risk adjustments specific to the counterparties (including assumptions about credit default rates) are derived from credit risk grading determined by the Company's internal credit risk management group.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

35 Financial Risk Management**(a) Risk Management Framework**

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk.

This note explains the sources of risk which the Company is exposed to and how it manages the risk.

(b) Credit Risk

Financial loss to the Company, arising, if a customer or counterparty to a financial instrument fails to meet its contractual obligations principally from the Company's receivables from customers and investments in debt securities. The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk closely both in domestic and export market.

Trade and Other Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The Company Management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Sales credit limit are set up for each customer and reviewed periodically. The credit risk from loans to other corporate is managed in accordance with the Company's fund management policy that includes parameters of safety, liquidity and post-tax returns. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank reference checks are also done.

The Company creates allowances for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables.

Investments

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

(c) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.

The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay. The table includes only principal cash flows.

Total Non-derivative Liabilities	119.12	119.12	119.12	-	-	-

Financing Arrangements

The Company has adequate short term finance arrangements to meet requirements of day to day operations.

(d) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price

risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at the reporting date. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Currency Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and Euro. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (Rupees).

Interest Rate Risk

Presently the Company does not have any interest rate risk. Currently the Company's borrowings are within acceptable risk levels, as determined by the management.

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Universus Photo Imagings Limited (hereinafter referred to as the "Holding Company") and its share of the net profit/(loss) after tax and total comprehensive income/(loss) of its associates (together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2024, and the consolidated statement of Profit and Loss (including consolidated other comprehensive income), the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs as at March 31, 2024, consolidated loss (including consolidated other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by ICAI, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to:

- i. Attention is drawn to note 43 to the financial statements stating that "the audit of the financial statements/financial information of foreign associate company JPF Netherlands B V for the financial year 2022-23 as well as 2023-24 is in progress and could not get completed till the date of these statements. These financial statements/financial information have been consolidated on the basis of unaudited figures of the foreign associate company certified by the Management and these figures are material to the group.
- ii. Attention is drawn to Note 11.1 to the financial statements stating that dividend receivable amounting to Rs 17427.59 lakhs from foreign associate company is pending due to reasons stated in the said note. In the opinion of the management, the amount is good and recoverable and no provision is required to be made in the books of accounts although there is delay in receipt of amount due to unfavourable conditions.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

As on 31st March 2024, other financial assets and current assets includes amounts recoverable from government department for which efforts for recovery are being made (refer Note No. 6, 11 and 12 to the financial statements). Our audit procedures consisted of evaluating whether any change was required to management's position on these uncertainties and the likelihood of recoverability.

Information Other than the consolidated Financial Statements and Auditor's Report Thereon

The holding company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to

Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information and if, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to communicate the matter with those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The consolidated financial statements includes the Group's share of net profit/(loss) after tax of Rs. (22723.57) lakhs and total comprehensive income / (loss) of Rs. (21531.51) lakhs for the year ended 31.03.2024, in respect of one foreign associate company, whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of Section 143 of the Act in so far as it relates to the aforesaid associate, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are material to the Group.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Consolidated Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2024 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31st March, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure B. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the group's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the holding company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group – Refer Note No.22 to the consolidated financial statements.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company.
 - iv. (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (ii) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

- (iii) Based on such audit procedures that the auditor has considered reasonable and appropriate in the circumstances, nothing has come to their notice that has caused them to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. In our opinion and based on the information and explanation provided to us, no dividend has been declared or paid during the year by the company.
- vi. Based on our examination which included test checks, we report that the holding company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Annexure B referred to in Paragraph (II) (f) under the heading of “Report on Other Legal and Regulatory Requirements” of our report of even date on the consolidated Ind AS financial statements of the company for the year ended 31st March 2024.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31 2024, We have audited the internal financial controls over financial reporting of Universus Photo Imagings Limited (hereinafter referred to as “the Holding Company”), as of that date.

Management’s Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company are responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls

over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

2 Summary of Material Accounting Policies

2.1 Basis of Preparation and Measurement

Statement of Compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended.

These financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements.

Historical Cost Conventions and Fair Value

The financial statements have been prepared under the historical cost convention on accrual basis and the following items, which are measured on following basis on each reporting date:

- Certain financial assets and liabilities that is measured at fair value.
- Defined benefit liability/(assets): present value of Defined benefit obligation.

“Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.”

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- **Level 1** inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the company can access at the measurement date;
- **Level 2** inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3** inputs are unobservable inputs for the asset or liability.

Reporting Presentation Currency

The Financial Statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates, and all values are rounded to the nearest Lakhs with two decimals, except as otherwise stated.

2.2 Inventories

Inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, cost of conversion and other costs including manufacturing overheads incurred in bringing them to their respective present location and condition. Cost of raw materials is determined on FIFO basis. Process chemicals, stores, packing materials are determined on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Further the cost for Work-in-Progress includes material cost, stage wise direct cost and other related manufacturing overheads. Non usable wastes are valued at net realizable value. Materials and other items held for use in the production of inventories are not written down below costs, if finished goods in which they will be incorporated are expected to be sold at or above cost.

2.3 Property, Plant and Equipment

Property, Plant and Equipment held for use in the production or supply of goods, or for administrative purposes are stated at cost less accumulated depreciation and any accumulated impairment losses, if any. Cost comprises of purchase price and any directly attributable cost of bringing the assets to its working condition for its intended use. Property, plant and equipment acquired in a business combination are recognised at fair value or at carrying cost for acquisition under common control, as the case may be.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as a separate items (major components) of property, plant and equipment. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

2.4 Intangible Assets

Intangible Assets are stated at cost less accumulated amortization and impairment loss, if any.

Intangible Assets which are not ready for intended use as on the date of Balance Sheet are disclosed as "Intangible Assets Under Development".

2.5 Depreciation and Amortisation

Depreciation on property, plant and equipment has been provided on straight-line basis over the estimated useful life as prescribed under Schedule II to the Companies Act, 2013 or as per estimated useful life re-assessed by the Company. In case of certain class of assets, the Company uses different useful life than those prescribed in Schedule II of the Companies Act, 2013. The useful life has been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset on the basis of the management's best estimation of getting economic benefits from those classes of assets. The Company uses its technical expertise along with historical and industry trends for arriving at the economic life of an asset.

Following useful life has been considered for providing depreciation:

Name of Assets	Useful life
Factory Buildings	30 Years
Non Factory Buildings	60 Years
Plants & Machineries	15-30 Years
Furniture and Fixtures	10 Years
Office Equipment	5 Years
Computers	3 Year
Vehicles	8-10 Years

Property, Plant and Equipment's residual values, estimated useful lives are reviewed at each balance sheet date and changes, if any, are treated as changes in accounting estimates.

Freehold Land and Capital Work in Progress are not depreciated.

2.6 Financial Assets

Financial assets are initially measured on trade date at fair value, plus transaction costs. All recognised financial assets are subsequently measured in their entirety at either amortized cost or at fair value.

(a) Classification

The Investments and other financial assets has been classified as per Company's business model for managing the financial assets and the contractual terms of the cash flows.

(b) Measurement

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(b.1) Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company's classifies its debt instruments:

Amortised Cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through other comprehensive income (FVOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in profit and loss using the effective interest rate method.

Fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises.

(b.2) Equity instruments

The Company subsequently measures all equity investments (other than Investment in Associates) at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Company's right to receive payments is established.

(b.3) Trade Receivables

Trade receivables are amounts due from customers for goods sold in the ordinary course of business. If collection is expect to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component. Loss allowance for expected life time credit loss is recognized on initial recognition.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(c) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(d) Derecognition of financial assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

(e) Offsetting financial instruments

Financial assets and liabilities are being offset and the net amount reported in the Financial Statements when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

(f) Income recognition

(f.1) Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

(f.2) Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

2.7 Financial Liabilities

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.8 Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand, short-term deposits and highly liquid investments with an original maturity of three months or less which are readily convertible in cash and subject to insignificant risk of change in value.

For the purposes of the Statement of Cash Flow, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

2.9 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Provisions in the nature of long term are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

2.10 Employee Benefits

(i) Short Term Employee Benefits

All employee benefits payable within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages etc. and the expected cost of bonus, exgratia, incentives are recognized in the period during which the employee renders the related service.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

State Government Provident Fund Scheme is a defined contribution plan. The contribution paid/payable under the scheme is recognized in the statement of profit and loss during the period during which the employee renders the related service.

(b) Defined Benefit Obligation

The present value of obligation under such defined benefit plan is determined based on actuarial valuation under the projected unit credit method which recognizes each period of service as giving rise to additional unit of employees benefits entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on government securities as at balance sheet date, having maturity periods approximated to the returns of related obligations.

(c) The obligation for leave encashment is provided for and paid on yearly basis.

(d) Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

2.11 Revenue Recognition

The Company recognizes revenue when it satisfies a performance obligation in accordance with the provisions of contract with the customer. This is achieved when:

- (a) effective control of goods alongwith significant risks and rewards of ownership has been transferred to customer and in case of services, the year in which such services are rendered.
- (b) the amount of revenue can be measured reliably:
- (c) it is probable that the economic benefits associated with the transaction will flow to the Company; and
- (d) the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Revenue (other than sale of goods) is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Claim on insurance companies, interest and others, where quantum of accrual cannot be ascertained with reassurance certainty, are accounted for on acceptance basis.

2.12 Other Income

“Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

Dividend income is recognized in the income statement on the date the entity’s right to receive payments is established.”

2.13 Export Benefits

Income from export incentives are recognised on accrual basis when no significant uncertainties as to the amount of consideration that would be derived and as to its ultimate collection exist.

2.14 Government Grants

Grants/Subsidy from the Government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the company will comply with all attached conditions.

- (i) Government grants not related to acquisition of property, plant & equipment are initially carried by setting up these grants as Deferred Government Grants in Non-Current Liabilities/Current Liabilities and amortised/recognised in the statement of profit and loss on straight line method and disclosed in Other Income (other gains/(losses)).
- (ii) Government grants related to acquisition of property, plant & equipment are initially carried by setting up these grants as Deferred Government Grants in Non-Current Liabilities/Current Liabilities and amortised/recognised in the statement of profit and loss on straight line method.

2.15 Claims and Benefits

Claim on insurance companies, interest and others, where quantum of accrual cannot be ascertained with reasonable certainty, are accounted for on acceptance basis.

2.16 Income Taxes

The income tax expense is the tax payable on the current period’s taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for taxable temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

2.17 Foreign currency transactions and translation

Transactions in foreign currencies are recorded in functional currency at the exchange rates prevailing at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currency are translated to the functional currency at the exchange rates prevailing at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in the statement of profit and loss with the exception for exchange differences on foreign currency borrowings relating to qualifying assets under construction are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rates at the date of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. These non-monetary items are not re-measured at the reporting date.

2.18 Contingent Liabilities and Contingent Assets

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the financial statements but disclosed, where an inflow of economic benefit is probable.

2.19 Earnings Per Share

Earnings per share is calculated by dividing the net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

32 Defined Contribution Plans

Defined Benefit Plans

The Company made provision for gratuity as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. Gratuity liability is being contributed to the gratuity fund formed by the company.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at as at 31st March 2024. The present value of the defined benefit obligations and the related current service cost and past service cost, was measured using the Projected Unit Credit Method.

32.6 Sensitivity Analysis of the defined benefit obligation

	Particulars	Rs. in Lakhs	
		As at 31st March 2024	As at 31st March 2023
a)	Impact of the change in discount rate		
	Present Value of Obligation at the end of the period	57.36	50.10
	Impact due to increase of 0.50%	(1.22)	(1.06)
	Impact due to decrease of 0.50 %	1.28	1.11
b)	Impact of the change in salary increase		
	Present Value of Obligation at the end of the period	57.36	50.10
	Impact due to increase of 0.50%	1.30	1.12
	Impact due to decrease of 0.50 %	(1.25)	(1.09)

Sensitivity due to mortality and withdrawals are not material, hence impact of change not disclosed.

Sensitivities as rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable.

32.7 Description of risk exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

Investment Risk - If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

Discount Rate : Reduction in discount rate in subsequent valuations can increase the plan's liability.

Demographic Risk : This is the risk of variability of results due to unsystematic nature of decrements that includes mortality, withdrawals, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends on the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the employee benefit of a short career employee typically costs less per year as compared to a long service employee.

FVTPL refers Fair Value through profit and loss

The management considers that the carrying amount of financial assets and financial liabilities carried as amortised cost approximates their fair value.

34.2 Fair Value Hierarchy

- (a) This section explains the judgements and estimates made in determining the fair values of the financial instruments. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Financial assets and liabilities measured at fair value

Mutual Fund Units and Equity Shares	-	38,840.39	-	38,840.39
Total	-	38,840.39	-	38,840.39

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

There are no transfers between level 1 and level 2 during the year

(b) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

All of the resulting fair value estimates are included in level 2 or level 3, where the fair values have been determined based on present values and the discount rates used were adjusted for counterparty or own credit risk.

The Company gets the valuations performed from an independent valuer, required for financial reporting purposes, including level 3 fair values.

The main level 3 inputs for unlisted preference shares used by the Company are derived and evaluated as follows:

- Risk adjusted discount rates are estimated based on expected cash inflows arising from the instrument and the entity's knowledge of the business and how the current economic environment is likely to impact it.

(c) Fair Value Estimations

Estimated fair value disclosures of financial instruments are made in accordance with the requirements of Ind AS 107 "Financial Instruments: Disclosure". Fair value is defined as the amount at which the instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidation sale. As no readily available market exists for a large part of the Company's financial instruments, judgment is necessary in arriving at fair value, based on current economic conditions and specific risks attributable to the instrument. The estimates presented herein are not necessarily indicative of the amounts the Company could realize in a market exchange from the sale of its full holdings of a particular instrument.

The following summarizes the major methods and assumptions used in estimating the fair values of financial instruments.

Interest-bearing borrowings

Fair value is calculated based on discounted expected future principal and interest cash flows. The carrying amount of the Company's loans due after one year is also considered as reasonable estimate of their fair values as the nominal interest rates on the loans due after one year are variable and considered to be a reasonable approximation of the fair market rate with reference to loans with similar credit risk level and maturity period at the reporting date.

Trade and other receivables / payables

Receivables / payables typically have a remaining life of less than one year and receivables are adjusted for impairment losses. Therefore, the carrying amounts for these assets and liabilities are deemed to approximate their fair values, as the allowance for estimated irrecoverable amounts is considered a reasonable estimate of the discount required to reflect the impact of credit risk.

Other long term receivables

These receivables are regularly reviewed and adjusted for impairment losses. Therefore, management considers the carrying amount of these receivables to approximate fair value.

(d) Valuation Process

The accounts & finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. This team reports directly to the chief financial officer (CFO) and the audit committee (AC).

The main level 3 inputs for unlisted equity securities, contingent considerations and indemnification asset used by the Company are derived and evaluated as follows:

- Discount rates are determined using a capital asset pricing model to calculate a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to the asset.
- Risk adjustments specific to the counterparties (including assumptions about credit default rates) are derived from credit risk grading determined by the Company's internal credit risk management group.
- Earnings growth factor for unlisted equity securities are estimated based on market information for similar types of companies.

35 Financial Risk Management**(a) Risk Management Framework**

In the ordinary course of business, the Company is exposed to a different extent to a variety of financial risks: foreign currency risk, interest rate risk, liquidity risk, price risk and credit risk.

This note explains the sources of risk which the Company is exposed to and how it manages the risk.

(b) Credit Risk

Financial loss to the Company, arising, if a customer or counterparty to a financial instrument fails to meet its contractual obligations principally from the Company's receivables from customers and investments in debt securities. The carrying amount of financial assets represents the maximum credit exposure. The Company monitor credit risk closely both in domestic and export market.

Trade and Other Receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk of the industry and country in which customers operate. The Company Management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Sales credit limit are set up for each customer and reviewed periodically. The credit risk from loans to other corporate is managed in accordance with the Company's fund management policy that includes parameters of safety, liquidity and post-tax returns. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank reference checks are also done.

The Company creates allowances for impairment that represents its expected credit losses in respect of trade and other receivables. The management uses a simplified approach for the purpose of computation of expected credit loss for trade receivables.

Investments

Investments are reviewed for any fair valuation loss on periodically basis and necessary provision/fair valuation adjustments has been made based on the valuation carried by the management to the extent available sources, the management does not expect any investment counterparty to fail to meet its obligations.

(c) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due. The Company's liquidity position is carefully monitored and managed. The Company has in place a detailed budgeting and cash forecasting process to help ensure that it has adequate cash available to meet its payment obligations.

The following table provides details of the remaining contractual maturity of the Company's financial Liabilities. It has been drawn up based on the undiscounted cash flows and the earliest date on which the Company can be required to pay. The table includes only principal cash flows.

Financing Arrangements

The Company has adequate short term finance arrangements to meet requirements of day to day operations.

(d) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices mainly comprise three types of risk: currency rate risk, interest rate risk and other price risks. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as at the reporting date. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Currency Risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and Euro. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (Rupees).

Interest Rate Risk

Presently the Company does not have any interest rate risk. Currently the Company's borrowings are within acceptable risk levels, as determined by the management.

43 The audit of the financial statements/financial results of foreign associate company JPF Netherlands B V for the financial year 2022-23 as well as 2023-24 is in progress and could not get completed till the date of these results. These financial statements/financial results have been consolidated on the basis of unaudited figures of the foreign associate company certified by the Management and constitutes more than 20% of the total consolidated assets and profits/losses. The audit is in final stage and there should not be any material change between management certified financials and audited financials.

44 Principles of Consolidation

The Consolidated Financial Statements (CFS) relates to Universus Photo Imagings Limited (hereinafter referred to as the "Company") and its Associates (the Holding Company and Associates together referred to as "the Group") comprising of the Consolidated Balance Sheet as at 31st March, 2024, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Change in Equity, the Consolidated Statement of Cash Flow for the year then ended, and a summary of the significant accounting policies and other explanatory information /notes. The CFS have been prepared in accordance with Indian Accounting Standard AS 110 on "Consolidated Financial Statements" (Ind AS 110), Indian Accounting Standard 28 on "Investments in Associates and Joint Ventures" (AS 28) referred to in section 133 of the Companies Act 2013 and the relevant provisions of The Companies Act, 2013 and are prepared on the following basis:

Associates are entities over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment in an associate is initially recognised at cost and the carrying amount is increased or decreased to recognise the investor's share of the profit or loss of the investee after the date of acquisition. The investor's share of the profit or loss of the investee is recognised in the investor's profit or loss. Adjustments to the carrying amount may also be necessary for changes in the investor's proportionate interest in the investee arising from changes in the investee's other comprehensive income. Such changes include those arising from the revaluation of property, plant and equipment and from foreign exchange translation differences. The investor's share of those changes is recognised in other comprehensive income of the investor.
